

## ACADEMIC SUMMER SCHOOL

### Welcoming students entering K to 9th!

Kindergarten will kick start their animal-themed phonics, reading, lessons, and activities. First Grade will build knowledge in science, reading, and writing skills.

Second to fifth grade students will be using project-based learning incorporating investigation and problem solving for real-world scenarios, while engaging their skills in reading, writing, math, technology, and more.

Middle school students will be using project-based learning to collaboratively explore the Principles of Flight and how they relate to Bernoulli's principles. More details on the website!
